

# Access Technology Centers

Massachusetts Association for  
the Blind and Visually Impaired

**Learn to use technology with FREE 1:1 training that goes at your pace and works for your vision.**

- Technology keeps us connected and informed. It can help with tasks like grocery shopping or getting prescriptions. It keeps us organized and links us to the people and activities we love.
- We offer in-person training at centers across MA. Or you can choose virtual training on Zoom or the phone.
- Learn to use apps, email, texting, and other ways to be social
- Discover free digital books and papers.
- Master the vision accessibility features on your phone or computer so that technology works for you.
- Get better access to transportation, healthcare, news, banking, and online activities.
